

The weights are different between the 1st method and the 2nd and 3rd methods. The 1st method has lighter weights under the person's eye and on the cheeks. The 2nd and 3rd methods are pretty similar and have lighter weights around the person's eyes and bit of the forehead.

Image	Y value (ground-truth)	Yhat value (predictions)
1	8.0	53.56798028277556
2	80.0	33.26256152526499
3	89.0	41.56267822856325
4	4.0	52.46072025441828
5	10.0	59.93149442274821
